

BROKEN DOWN NURSE

This week (05/03/2020) you will split into bands and each band will work in a separate classroom. Together as a band you will learn the song linked below. Please listen to your song as much as possible between now and the session so you will be familiar with it and will find it easier to learn. (Even better, if you have chance to begin learning the song on your own before the session, that will give you a leg up!!)

Your tutors will be available for any support during the session. Tabs etc. are linked below.

Other things to think about:

- A group chat on Facebook / WhatsApp to discuss anything related to the song or band.
- Extra rehearsals (RP can be booked through the website)
- Out of the songs we have learnt so far this term, which would you like to play in your band at the End of Term gig?

IMPORTANT: There are several versions of this song available. Ensure you're all following along with the same version. (Linked below)

[GUITAR TAB](#)

[BASS TAB](#)

[DRUM TUTORIAL](#)
